

OUR MANDATE

The Okanagan College Students' Union has three very important mandates. Our goal with these mandates is to ensure post-secondary education is of high quality and is publicly funded, and to hold education decision makers and stake holders accountable to students. We strive to achieve these goals through providing the students of Okanagan College with advocacy, services and events.

Advocacy:

- Campaigns
- Lobbying government officials
- Lobbying college administrators
- Providing support with grade appeals and academic challenges

Services:

- Free supplies like handbooks, water bottles and feminine hygiene products
- Extended Health & Dental for eligible students
- Local Student discounts
- Subsidial services such as legal aid

Events:

- Fostering campus community
- Campus engagement
- Promoting stress relief and mental health on campus
- Education about important campaigns and causes
- Free food

If you would like to work on our mandates with us, we urge you to join us by becoming a student representative at the OCSU or becoming a valued volunteer with us. Stop by your OCSU office to learn more about being involved with your Students' Union.
